Mr. Ronnie Lupe

Chairman, White Mountain Apache Tribal Council

Dear Mr. Lupe:

Reference is made to Resolution No. 74-100 enacted by the White Mountain Apache Tribal Council on June 6, 1974, which, in essence, is an amendment to the current tribal budget which was approved on May 20, 1974.

The Tribe has authorized the withdrawal of \$25,000 of tribal trust funds on deposit with the United States Treasury to defray the cost of preparing an approved tribal membership roll in order to distribute a per capita payment to enrolled members from Judgment funds. Such action was initiated by the Tribe with the aforethought that the \$25,000 is to be recouped from the funds set aside for 80% per capita payments when same are available to the Tribe.

It is presumed, therefore, the sum of \$25,000 will be skimmed from the top of the per capita portion of the claims funds as reimbursement to the Tribe prior to the issuance of per capita payment checks to eligible tribal members.

We commend the Tribal Council for taking this form of action to commence the establishment of a complete tribal membership roll. We understand your census records are in proper form so as to greatly expedite the enrollment work when it is gotten under way.

Pursuant to authority delegated to me by the Commissioner of Indian Affairs, the amendment to your budget is approved. However, the funds should not be advanced from the Treasury until your enrollment work actually gets under way; or, if withdrawn earlier, that

interest rates can be obtained locally equal or are more than can be obtained by the Division of Financial Management in Albuquerque. To avoid loss of interest the Tribe may wish to develop a schedule of withdrawal that will conform with your budget needs.

Sincerely yours,

/Sgd/ Curtis Geiogamah
