In reponse to the Tribal Council's request to increase the Apache Language content of our daily programming - the following changes will take effect as soon as possible, subject to approval by the A.R.B.C. Board of Directors:

1. All local news broadcasts will be made in the Apache Language - i.e. 5 minute spot at 10:00, 11:00, 1:00, 2:00 and 3:00.
2. Interviews conducted in English will be accompanied by an Apache translation of important information (summarized).
3. All public affairs, station I.D., announcement carts will be produced in Apache or if English is essential, they will be made bilingually (both in English and Apache on same cart).
4. It is (according to the Tribal Government) your responsibility to teach and upgrade the local communities use and appreciation of the Apache language. As a result you must try to improve your Apache speaking ability to the best of your ability.
5. All scheduled announcers should be Apache speakers unless there is no Apache speakers available. All efforts must be made to fill schedule with Apache speakers.

Be advised that this memorandum is a directive issued from me on behalf of the White Mountain Apache Tribal Council. This directive instructs each of you to make every effort to change all verbal broadcasts into the Apache language.

Be advised that your top priority is to achieve an all Apache-speaking broadcast.

Furthermore, you are advised to make announcements and comments in Apache between music broadcasts at a minimum of 4 song intervals.

Your progress in these areas will be carefully scrutinized by the Tribal Council within the next month.
