

**RESOLUTION OF THE
WHITE MOUNTAIN APACHE TRIBE OF THE
FORT APACHE INDIAN RESERVATION**

WHEREAS, Becky Ethelbah, on behalf of Johns Hopkins University, Pathways, has approached the Tribal Council this date with a request that the Tribal Council approve the following Pathways manuscript for publication; Design, Implementation and Quality Control in the Pathway American-Indian Multi-Center Trial; and

WHEREAS, this manuscript examines the extensive quality control methods used in collecting data and concludes that extensive quality control contributed to the reliability of the findings showing changes in school lunches, classroom, knowledge and self-reported diet and physical activity changes lending evidence to the beneficial role schools can play in public health promotion and that quality control may prove a useful model for other similar school-based studies; and

WHEREAS, the Tribal Council concludes that it should grant approval for publication of the Design Implementation and Quality Control in the Pathways American-Indian Multi-Center Trial.

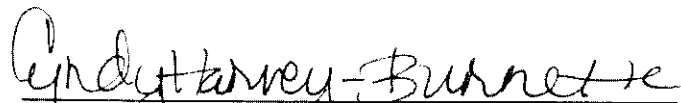

BE IT RESOLVED by the Tribal Council of the White Mountain Apache Tribe that it hereby approves for publication the Pathways Manuscript titled; Design, Implementation and Quality Control in the Pathways American-Indian Multi-center Trial.

The foregoing resolution was on March 6, 2002, duly adopted by a vote of EIGHT for and ZERO against by the Tribal Council of the White Mountain Apache Tribe, pursuant to authority vested in it by Article IV, Section 1 (a), (g), (s), (t) and (u) of the Constitution of the Tribe, ratified by the Tribe on September 30, 1993, and approved by the Secretary of the Interior on November 12, 1993, pursuant to Section 16 of the Act of June 18, 1934 (48 Stat. 984).
