

**RESOLUTION OF THE
WHITE MOUNTAIN APACHE TRIBE OF THE
FORT APACHE INDIAN RESERVATION**

(Approving Capital Budget of \$412,000 and Expenditure for WMAPD Police Vehicles)

WHEREAS, pursuant to Section 1(a) and 1(k) of the Constitution of the White Mountain Apache Tribe, inter alia, the Tribal Council has the authority to represent the Tribe and act in all matters that concern the welfare of the Tribe and appropriate tribal funds for tribal purposes and to expend such funds in accordance with an annual budget; and

WHEREAS, the Acting Chief of the White Mountain Apache Police Department ("WMAPD") did this day present a proposal for a capital budget of \$412,000 for the purchase of fifteen new police vehicles, as attached and incorporated by this reference; and

WHEREAS, the existing WMAPD vehicle fleet has extremely high mileage, constant break downs and high maintenance costs, which has reduced the overall effectiveness of patrols, response and community policing; and

WHEREAS, in order to facilitate the overall cash flow of the Tribe, it was further proposed that the acquisition of the vehicles for WMAPD be made according to a lease purchase agreement; and

WHEREAS, the Tribal Council finds that the purchase of new police vehicles is in the best interests of WMAPD's mission to serve and protect the public, and essential to overall public safety and response, and thus in the best interest of the Tribe.

BE IT RESOLVED by the White Mountain Apache Tribal Council that the proposed WMAPD capital budget of \$412,000 for the purchase of fifteen new police vehicles, as attached and incorporated by this reference, is hereby approved.

BE IT FURTHER RESOLVED that WMAPD, together with the Director of Enterprises, identify a vendor and financing required for a lease purchase agreement.

The foregoing resolution was on NOVEMBER 16, 2005 duly adopted by a vote of SIX for and ZERO against by the Tribal Council of the White Mountain Apache Tribe, pursuant to authority vested in it by Article IV, Section 1 (a), (b), (c), (h), (j), (k), (s), (t) and (u) of the Constitution of the Tribe, ratified by the Tribe September 30, 1993, and approved by the Secretary of the Interior on November 12, 1993, pursuant to Section 16 of the Act of June 18, 1934 (48 Stat. 984).

Whiteriver Police Department

Justification for Police Vehicle 2006 Explorer 4X4 XLS

The following are information in regards to requesting for several new Police vehicles preferably (15) vehicles.

The Police vehicle is a necessity in carrying out duties for the Police Officers during their working hours, the present diverse fleet of Police vehicle we have are accumulating mileage.

The Police Department is operating 24 hrs. a day broken into Three (8) Shifts which consist of Day Shift (8:00 am – 4:00pm), Evening Shift (4:00 pm – 12:00 am), Midnight Shift(12:00 am – 8:00 am)

We have Three major communities we patrol, Cibecue District have Four assign Officers, which is approximately 50 Miles from Whiteriver, on occasions Whiteriver Officers are assigned to Cibecue and CBQ Officers come into Whiteriver for various reasons.

McNary in North District is approximately 15 miles North of Whiteriver, presently there is no 24 Hr. coverage due to lack of officers, during Day and Evening shift if an officer is available they are assigned to patrol the community during the shift.

During winter season we patrol the Sunrise and if we have an available officer they are assigned to patrol the Ski Resort, approximately 45 Miles North of Whiteriver.

The cost of maintenance due to extreme high mileage and use of vehicle in our diverse terrain is taken it's toll, the present fleet consist of vehicle from 1995 Bronco, 1998 Expedition, 2000 Crown Victoria, of the 34 vehicles 16 of them have exceeded 100,000 Miles, of those 16 (6) have exceeded 200,000 miles !!!.

Page Two

This becomes a safety issue for our Police Officers that are operating the Police Vehicles, just as Protective vests the officer wears, they need to replace due different climate the materials becomes ineffective and will not provide protection for the Officer.

The present vehicle have extremely high mileage and they need to be replace before any accidents occurs due the deteriorating condition of vehicles.

In purchasing and replacing the present fleet it will also decrease the cost of maintenance and cost of fuel.

Not only is the cost accumulating, the parts are difficult to order and every year the prices are going up, the extreme high mileage on the vehicle has tendency for vital parts on vehicle to wear out.

Presently several units have down time due mechanical problems, which results in Officer to double up in a unit, instead of having two units on patrol we end up with only one unit, which results in delay to responding to other emergency calls.

Milfred:

Stan Newman of Fullers White Mountain Motors in Show Low has provided the following information on Ford Explorers for the Whiteriver Police Dept. This is the starting point as far as build your own police vehicle and offers many options. Stan is a pleasant person to speak with and will help you and the police chief in getting the right vehicles you want.

I will have Stan send another copy of this package to your attention because you probably won't be able to make a lot of the information out since it will be faxed for a 2nd time.

I am waiting for a response on some Chevy Trailblazers and will have that to your attention ASAP.

Please give me a call with any questions.

Thanks,

Chris Erickson

IN THE EDITION OF 4-3-03 CFR 25 12.34 STATES THAT:

Do minimum salaries and position classifications apply to a tribe that has contracted or compacted law enforcement under self-determination?

Any contract or compact with the BIA to provide law enforcement services for an Indian tribe must require a law enforcement officer to be paid at least the same salary as a BIA officer performing the same duties.

It is strongly recommend that the White Mountain Apache Tribe adopt the Bureau of Indian Affairs salary scheduled applying to Police Officer and employees. This salary adjustment can be made by utilizing Public Law 93-638 funds.

(SEE ATTACHMENT)

training, aptitude, and high moral character. All Indian country law enforcement programs receiving Federal funding and/or authority must ensure that all law enforcement officers successfully complete a thorough background investigation no less stringent than required of a Federal officer performing the same duties. The background investigations of applicants and employees must be adjudicated by trained and qualified security professionals. All background investigations must be documented and available for inspection by the Bureau of Indian Affairs.

§ 12.33 Are Indian country law enforcement officers paid less than other law enforcement officers?

An officer's pay is determined by his/her grade and classification. The Commissioner of Indian Affairs must ensure that all BIA law enforcement officer positions are established at no lower grade level on the Federal scale than similar Federal law enforcement officer positions in other agencies. No BIA position performing commissioned law enforcement duties will be classified in other than the GS 0083, police officer series, for uniformed officers and the GS 1811, criminal investigating series, for criminal investigators.

§ 12.34 Do minimum salaries and position classifications apply to a tribe that has contracted or compacted law enforcement under self-determination?

Any contract or compact with the BIA to provide law enforcement services for an Indian tribe must require a law enforcement officer to be paid at least the same salary as a BIA officer performing the same duties.

§ 12.35 Do Indian country law enforcement officers complete any special training?

Law enforcement personnel of any program funded by the Bureau of Indian Affairs must not perform law enforcement duties until they have successfully completed a basic law enforcement training course prescribed by the Director. The Director will also prescribe mandatory supplemental and in-service training courses.

§ 12.36 Does other law enforcement training count?

All requests for evaluation of equivalent training must be submitted to the Indian Police Academy for review, with final determination made by the Director. Requests for a waiver of training requirements to use personnel before completing the required courses of instruction must be submitted to the Director and approved or disapproved by the Commissioner of Indian Affairs. In no case will such a waiver allow personnel to be used in any position for more than one year without achieving training standards. Failure to complete basic training requirements will result in removal from a law enforcement position.

Subpart E—Records and Information

§ 12.41 Who keeps statistics for Indian country law enforcement activities?

The Director maintains a criminal justice information system for Indian country. The Director will prescribe the types of data to be collected and the reporting format to be used to collect information and assemble reports on crime reported in Indian country. These reports may be provided to the Department of Justice. Any law enforcement program receiving funding from the BIA must use the same reporting format and submit the same statistical reports to the Office of Law Enforcement Services as prescribed by the Director and as are required of all BIA law enforcement programs.

§ 12.42 Do Indian country law enforcement programs share information with their own communities or other agencies?

At intervals established by the Director, each BIA criminal investigations program, and any investigations program receiving BIA funds will consult with local tribal leaders and managers of local patrol and detention programs. They will discuss the quality of the local investigations program and offer feedback and technical assistance. There will be no requirement to disclose confidential investigative information or to compromise ongoing investigations during this process.

Subpart F—Conduct

§ 12.51 Must Indian country law enforcement officers follow a code of conduct?

All law enforcement programs receiving Bureau of Indian Affairs funding must establish a code of conduct and establish specific guidelines for professional conduct on and off duty, impartiality, acceptance of duty, and acceptance of favors. Each officer must acknowledge in writing receiving and understanding of this code of conduct. The acknowledgment will remain on file with the law enforcement program manager as long as the officer is employed. Training will be conducted on the code of conduct and other ethics at least once each year.

§ 12.52 How do I report misconduct?

The Director will develop and maintain a reporting system that any resident of or visitor to Indian country to report officer misconduct. Each law enforcement program in Indian country will maintain instructions on how to register a complaint. An overview of these steps may be posted for public viewing at each law enforcement facility in Indian country.

§ 12.53 Who investigates officer misconduct?

The Director, Office of Law Enforcement Services maintains an internal affairs program that investigates allegations of misconduct by BIA officers, and any officer receiving funding and/or authority from the BIA. Allegations of misconduct must be thoroughly investigated and appropriate action taken when warranted. Any person having knowledge of officer misconduct must report that information to the officer's supervisor. The supervisor must immediately report allegations to the internal affairs unit pending upon the severity of the allegation, the matter may be dealt with locally or it will be investigated by the internal affairs unit. Failure of a BIA employee to report known misconduct may be considered misconduct itself. Citizens may report officer
